

Custom Order Enquiry

The process: Fill in this form with your details, the desired shape and length of the nails you want, your nail sizes if you know them (purchasing a sizing kit is recommended, however, you can measure your nails using the tape and ruler or tape measure method, otherwise, your nails will be made in our generic sizing that fits most) and a brief description of the design that you want (feel free to email or send pics to our socials if you have some, as this makes creating your nails a lot easier).

You will then be sent a quote via email and if you are happy to proceed with your order, a link to pay through the SkinCure Nails website will also be emailed to you.

Your custom order will be commenced upon receipt of payment in full.

The sooner you place your custom order, the better. It is recommended you enquire at least 7-14 days before your set is actually needed to ensure timely arrival.

To see a tutorial for the tape sizing method, scan here:

Name	
Phone	
Email	
Sizes if known (e.g.1,5,4,5,8)	
Desired shape & length (e.g. Square, Medium)	
Brief description (incl. colour/s, feature nails, cultural designs etc.)
